HAWKWOOD

centre for future thinking

Our mission is to create a better world for now and for the future. As an educational charity, we bring together people and organisations in support of creative endeavour, a flourishing society and a sustainable environment.

Welcome to Hawkwood!

“You’ve got a place and I’ve got an idea” was the moment in a conversation between our founder and a friend that inspired the creation of Hawkwood over 70 years ago. Today, we have a broad programme of short courses in the arts and music, well-being, leadership and sustainability as well as offering residencies, events and festivals.

We are committed to caring for the environment. The Hawkwood estate has been managed sustainably throughout its history and is home to Stroud Community Agriculture – a community-supported agriculture collective which ensures a sustainable, organic approach to land management.

Hospitality and care for our guests are at the heart of our work. We provide delicious, organic, home-cooked food and comfortable accommodation. However you come to be at Hawkwood, you can be guaranteed a warm welcome and a relaxed and informal learning environment.

We look forward to seeing you soon.

Alicia Carey
Chief Executive

A Place to Grow

HAWKWOOD'S Education programme

Our rich programme of short courses and events covers a wide range of interests and is delivered by experienced tutors. The course content ranges from heritage crafts such as blacksmithing and sculpting, contemporary textiles, painting and music-making, to personal development, philosophy, communication and life skills. Our work around leadership includes courses on change management, conflict resolution and systemic practice. Whatever takes your interest, we look forward to welcoming you to Hawkwood.

For more info and to see what's on please visit our website.

A Place to Create

HAWKWOOD'S Residency Programme

FOR MORE INFO AND HOW TO APPLY PLEASE VISIT OUR WEBSITE

We are a cultural hub supporting artistic professionals of all ages in partnership with local, regional and national organisations. Since 2016 we have welcomed over 200 artists to create new work. This programme has had national impact across a range of art forms from visual artists to musicians, writers to theatre practitioners, and composers to puppeteers. This year, we are launching a new residency programme for social entrepreneurs and changemakers who are working to transform the world into a more beautiful and sustainable place.

Residencies offer a period of thoughtful incubation, to focus entirely on the creative process, in a relaxing environment and away from the demands of everyday life.

This exciting programme is generously supported by The FW Reckitt Arts Trust, along with crowdfunding in July 2018 with our #LostPicasso campaign which was match-funded in part by The Arts Council England. Regular partners include Strike a Light Gloucester, The Roundhouse, Bristol Old Vic and The Royal Court Theatre.

A Place for Conversation

HAWKWOOD: Events, Festivals and Community Programme

Hawkwood provides a place for people to come together to explore their own, and society's, values, and to question and debate the future of a rapidly changing world. We showcase topics ranging from sustainable food models to climate change; from new forms of organisational leadership to world happiness. We are associated with innovative thinkers and organisations such as The RSA. This year, we are taking part in Otto Scharmer's Societal Transformation Lab, a programme led by MIT, as well as running our bi-annual Seed Festival: Planting Big Ideas, an intensive weekend festival welcoming ground-breaking and inspirational speakers from the environmental arena. We're also co-hosting a Network of Wellbeing conference in the Autumn.

We recently launched our YouTube video series "Conversations that Matter" and will continue to upload pop-up video clips on our YouTube channel. This year, we will also be releasing our podcast "Stories that Matter" in which changemakers, thinkers, and innovators discuss the stories that have influenced them, their visions for the future and the actions they are taking to change the world.

Hawkwood Centre for Future Thinking continues to emerge as a valuable community resource and a magnet for world leaders in social change.

FUNDRAISING APPEAL

Did you know we are a charity?

We need to raise £150,000 each year to help us thrive. Venue hire and course fees alone do not cover the costs of maintaining our estate and running our programmes. Supporting Hawkwood by making a one-off or regular donation will ensure we are here for generations to come.

If you've enjoyed your time at Hawkwood, then your donation can provide opportunities for others to benefit from learning, creating and working in this beautiful setting.

How do I donate?

There are many ways you can support us. You can donate to our Buy a Brick campaign with a one-off donation, or join as a Friend of Hawkwood by making a regular donation. We are also incredibly grateful to our Hawkwood Patrons, whose generous support goes a long way to funding our estate improvements and supporting our wider programme.

What about leaving us a legacy? When you write your will, we know you'll want to take care of your loved ones first and foremost. After this, including a gift to Hawkwood is a meaningful way to support our work and to leave a lasting legacy.

Visit our website or call now for more information and to organise your donation, by card, by bank transfer or by cheque to Hawkwood College Limited.

Food and Catering

Hawkwood prides itself on providing delicious healthy meals and sourcing ingredients that are home-grown, local, fair-trade, seasonal and organic as far as possible.

All our meals are home cooked and prepared daily by our skilled chefs. Some of the produce comes from our walled garden and the biodynamic Stroud Community Agriculture farm which is based on our land. Ethical suppliers include: Essential Trading, Global Organics and L Taylor & Sons butchers.

Our tea and coffee is organic and fair-trade and is supplied by Ethical Addictions of Gloucester. Our licensed bar serves organic wine from Vintage Roots and the Stroud Wine Shop, organic Wyldwood Cider from H. Weston's & Sons, Ledbury. Organic beer is supplied by Stroud Brewery, who also bring the spent organic malt up to the Stroud Community Agriculture farm to feed the pigs.

A typical day begins with a generous vegetarian breakfast buffet, homemade biscuits for the morning coffee break, a two-course lunch, homemade cake in the afternoon, and all rounded off with a light supper for residential guests. We can cater for almost all dietary requirements if advance notice is given.
